Produced with wood powder
and recycled plastic

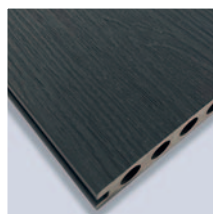

TruDeck® | Composite Decking Board

TruDeck® is a revolution in composite decking distributed throughout the UK by Falcon Panel Products. A market leading composite decking board, TruDeck® is produced with 63% wood powder, 29% recycled HDPE, 8% glue, colours and anti-fungal agents. The mix of materials brings not only stability, but also durability, creating an attractive and strong composite decking board. The high quality composite outer skin is available in four elegant colours with a high finish to create a focal point for all garden types. TruDeck® is fixed at 400mm centres and fitted using our revolutionary clip system to assist quick installation and longevity of the product.

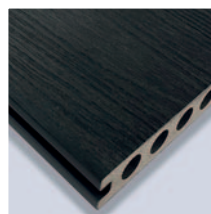

Falcon Panel Products is a leading UK wood based panel products importer, distributor and solutions specialist.
